About

Baramati witnessed one of its kind **T20 Cricket Tournament – KPL** for the first time in the year 2008, at Dr. Babasaheb Ambedkar Stadium, Baramati. KPL, the brainchild of Shri. Prashant (Nana) Satav, was conceptualized aiming to provide the youth in rural areas with a platform to nurture and showcase their talent which would help them progress their prospective towards cricket and spread the enthusiasm of the game brought along itself amongst all Baramatikars. The tournament has attracted professional cricketers from various parts of the nation which helps create a liking towards the game, further inspires the local youth and provides them with an opportunity to take up Cricket as a Professional Career. Since the inception of KPL, it is been organized every year. The citizens of Baramati have showed immense love and support towards the tournament as thousands of people came to watch professionals who had come from various places like Jammu, Baroda, Delhi, Kerala, Karnataka, etc. and Maharashtra itself.

Many players who are now playing at National and International level, such as Sanju Samson, marked their presence in numerous seasons in the Karbhari Premier League. This helped our local talent gain experience and exposure for playing alongside such professionals. The massive success and popularity of the tournament which was being organized every year finally led to the notice of Baramati Municipality regarding the ill state of the stadium during days other than the KPL event. Subsequently, the renovation of the stadium facility was done by the Baramati Municipality and was inaugurated by Shri. Sachin Tendulkar in the year 2014. Since 2014, due to renovation work of the stadium and due to the Covid Pandemic in the later years, KPL unfortunately could not be hosted. During this period, we at our K.A.C.F. English Medium School, developed a professional coaching curriculum for Cricket and other sports such as Kabaddi and Football. For cricket specifically, 5 Astro wicket pitch, 5 Turf wicket pitch and 1 indoor pitch has been made for training of students as well as other aspirants in and around Baramati. Professional Coaching Staff has been appointed to guide and coach the players to improve their ability.

Now, with immense pride and happiness we hereby introduce you to the 8th season of the Karbhari Premier League 2024.

Late Shri. Dhondiba Abaji Satav

One takes birth, lives for themselves, and dies. Few people take birth with a pre determined purpose, they live for the mankind. such people are long remembered by the society .

It is very rightly quoted by Leo Tolstoy "I lived for myself and spoilt my life and only now I live for others, I realize the true life" Late Dhondiba Abaji Satav popularly known as "Karbhari Anna" one of such rarely born magnificent personality with a generous vision for the city of Baramati. He contributed generously for shaping APMC Baramati, TC College, Technical High School, Harijan Co-Operative Housing Society and many more. He was very cautious to see that every penny of Baramati Municipality is given justice and utilized for a good cause and beneficiary of the citizens. His son and my father late Pandurang Dhondiba Satav also proved to be his strict obedient. Taking the inspirations and ideologies of these two great, myself "Prashant" grand son of Karabhari Anna I am proudly motivated to pour some drops in the ocean leading to the trust under the name "Karbhari Anna Charitable Foundation".

D.A. Satav Alias Karbhari Anna Charitable Foundation.
Secretary – Shri. Prashant (Nana) Pandurang Satav.

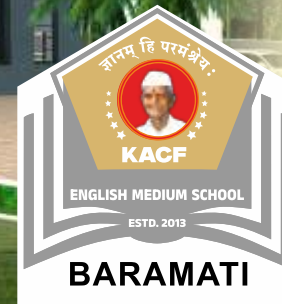

Our foundation was established in the year 2008, in the memory of Late Shri. Dhondiba Abaji Satav. Inspired with the aim of carrying forward his legacy, I founded and registered D. A. Satav Alias Karbhari Anna Charitable Foundation.

Being an ex-National Kabaddi player, I have always had a natural inclination towards sports – whether it has been the widely famous Karbhari Premier League , the Shri Chatrapati Shivaji Chashak Kabaddi Tournament, the development of Baramati's only 10 meter indoor pistol shooting range or creating a Professional Cricket Coaching Curriculum with natural, Astro and indoor wicket turfs; such training activities and competitions has helped engage the youth in sports.
